

Rugged High Definition Portable Platform

Micro ATX lightweight Aluminum chassis, 17.3" TFT LCD 1920x1080, Anti-reflection glass protection, DVI Connector, 2x 5.25", 1x slim CD, 1x 3.5" open drive bays, 650W power supply, K/B & Mouse, 4 slots

(Model: BPCW1730HDBB)

Introduction:

The BPCW1730HDBB supports standard Micro ATX form factor motherboard in a compact lightweight form factor. The chassis has the flexibility to meet the need of your add-on cards configuration as well as processors choice. Whether it is ISA, PCI, PCI-X, PCI-E or combination of all of the above; the chassis can be fitted for 4 full length and height card slots. The chassis comes with integrated 17.3" 16:9 widescreen LED backlight LCD panel with 1920x1080 Full HD resolution. The display can accommodate the latest graphic card to provide fast refreshing video playback, editing and vast desktop space with wide angle viewing capability.

The chassis have 2x 5.25" and 1x 3.5" drive bay; this allows the chassis to mount large amount of storage or special devices. There is also an integrated slim optical drive bay, 80mm cooling fan and a combination keyboard touchpad that folds into the chassis and doubles as an additional protection for the display.

Features:

- Integrated 17.3" Full HD Flat Panel Display with 1920x1080 Resolution
- Custom Built and Expandable Portable Enclosure Platform
- Aluminum Alloy Construction
- Supports 4 Slots Micro ATX Form Factor
- Tempered protection glass for display
- Integrated Keyboard and Pointing Device
- Free 2x 5.25" Drive Bay Configuration
- Free 1x 3.5" Drive Bay Configuration
- Integrated Slim Optical Drive Bay
- Integrated Speakers

Specification:

Chassis Construction

Lunchbox style chassis constructed of aluminum alloy.
Integrated flat panel display and fold-out keyboard.
Rubber corner bumpers.
