

Curved Surface Display with Panorama effect

- Panorama effect (Wider Viewing Angle)
- Decrease of eyestrain
- Image distortion minimization
- Increasing Immersion by optimal curvature

This LCD does not have normal flat surface, but **Curved surface**.

This unique shape provides an immersive experience that makes viewers feel as if they are truly part of the action and in the moment of the scene they are watching. The edge-to-edge curved construction is engineered to provide a greater sense of the picture's depth of feel, and allows for a wider viewing angle

Size (inch)	Model	Type	Resolution	Depth (mm)	Outer Size(mm)
32" W	JCW3200	Concave	1920 x 1080	TBD	TBD
42" W	JCW4200	Concave	1920 x 1080	45.0	973.6 x 583.5
46" W	JCW4600	Concave	1920 x 1080	TBD	TBD
