

8U and 12U SOHO Installation Instructions

Step 1

Remove all contents from the box and make sure all of the following parts are accounted for.

Box Contents

2 Doors (not included with No Door Version)
4 Casters
1 Caster Hardware Pack
1 Fan Power Cord
4 Hinge Sets and Hardware
(not included with No Door Version)
1 Instruction Sheet

Tools Required

Cross head screw driver

Step 2

Install the female hinge side on the left side of the front and back of the cabinet. The bottom hinge should point up. The hole should be facing up on the top of the hinge.

Step 3

Install the male hinge with the point down on the door using 4 screws.

STEP 4

Install the rails using the provided bolts and nuts. It may be tricky to get the nut behind the rail holder so take your time. It may help to lay the cabinet on its side for this step.

STEP 5

Install the casters with the provided hardware

STEP 6

Plug the fan cord into the fan
