

**Model: MOD4200**

## 42" Outdoor Sunlight readable weatherproof TV

### BUSINESS APPLICATIONS

As a business owner, can you envision flat panel LCD TV's hanging in each of your poolside cabanas? How about on your hotel balconies? Guests could be enjoying the sunset, while catching up on the daily news. What about restaurant terraces, outdoor cocktail lounges or in other outdoor venues? Each of these areas provides the perfect setting to mingle and will aid in striking up a conversation!

Want to save on map printing costs at your amusement park? Have MirageVision™ TV displays strategically located throughout the park, scrolling highlights of the park, tour times, maps, dining & more!

Our all-weather aluminum enclosure protects all internal components from all types of weather, dirt and elements.
