

# Portrait Mounted Wide Angle View Touch Screen Monitor

Highly Customizable 22" Portrait Mounted Wide Angle View Touch Screen Monitor

Model: *OMK2200P*

Staying true to the modern and sleek design concept of the Metropolis, we upgraded this kiosk with a 22" widescreen monitor set in portrait mode. The upgraded monitor draws attention and promotes user interaction; its generous viewable and workable area is perfect for software that utilizes an onscreen keyboard. The OMK2200P retains the customization flexibility of the Metropolis; providing a large graphic area and housing an impressive amount of standard and optional components. Sophistication is reborn with the OMK2200P; its compact footprint, versatile configuration, and eye-catching aesthetic makes it an ideal solution for way finding, educational, and informational applications.
