

# 1U Rackmount 19" LCD Monitor Drawers

The DRP-119S Series is a high performance 1U LCD display drawer sporting 19" LCD Monitors. These monitors have high contrast ratios and wide viewing angles, with resolution at SXGA (1280X1024).

**Model: DRP-119S**

The unique design of the DRP-119S is just that, it pivots. The drawer starts out laying flat and put away in it's 1U drawer. When needed the monitor slides out and the display portion of the monitor rotates up. You can adjust the monitor in almost any position from 0 to 119 Degrees. The Heavy-Duty Torque hinge holds it in place. The display Pivots up to 60 Degrees along the monitors center axis. This gives the user 3 degrees of freedom.

Integrated slides along with adjustable mounting brackets allow installation in any standard 19" Rack enclosure. The drawer is held closed with a keyed cam lock.

The Standard Finish is Black Powder Coated Lite Texture, but it can be customized to any color or logo.

## Feature

### Enclosure:

- Mounts in standard 19-inch rack cabinets 20 - 36 inch depths.
- Utilizes only 1U (1.75")
- RSI Design (Rapid Start Installation). Less than 5 minutes!
- Rugged all metal construction Designed to Satisfy Industrial, Commercial and Military requirements
- Compact Enclosure for Rackmount applications.
