

VERTICAL MOUNT POWER STRIP

■■■■■■ ■■■■■■ **33" DESIGN WITH CIRCUIT PROTECTION**

72A-130BMTGN-00

FEATURES

- Two UL 489-Listed Circuit Breakers
- L6-30P Power Cord Connector
- 18 IEC C13 & 2 IEC C19 Receptacles
- Ruggedly Constructed 0U Design

TECHNICAL SPECIFICATIONS

Input / Output

- Voltage Input: 200-250 VAC
- Voltage Output: 200-250 VAC
- Inlet Current: 30A Max. (24A Derated)
- Output Power: 6.90 KVA
- Output Connector: 18 x IEC C13, 2 x IEC C19
- Input Protection: 2 x 15A 2 Pole Circuit Breakers
- Panel Indicators: Power-on, LED

Physical

- Size (Overall): 33.0"W x 1.73"H x 3.25"D

We at i-Tech Company know how important your rack space is. That is why we strive to provide high-quality power solutions in a compact size, leaving valuable "U" space for other network-critical devices. We are pleased to introduce the newest line of AC Power Strips from Spectrum Power Management Systems.

The 72A-130BMTGN-00 is an excellent choice for standard power distribution to a variety of devices. This device features 18 IEC C13 outlets, 2 IEC C19 outlets, and an L6-30P input. The 33" power strip utilizes two UL 489-listed circuit breakers to manually control on/off operation of the 20 receptacles. No fuses are used which allows the unit to return to service quickly and easily. For easy power-on indication, each circuit breaker features an LED power-on indicator. Additionally, each circuit is clearly labeled to help simplify load balancing.

For additional information on the 72A-130BMTGN-00 or other power strips from the Spectrum Power Management Systems line, please contact a Sales Representative at sales@i-techcompany.com or visit the website at www.i-techcompany.com.
